

Roger Gerwe is a social worker in private practice in Cincinnati for the past 20 years. He specializes and has extensive experience in the treatment of marriage and family problems, addictions of all sorts, and post trauma / abuse treatment. He has been independently licensed as a social worker and addiction counselor for the past 20 years. He has 2 years post graduate family therapy training at the Family Therapy Center in Cincinnati under the renowned family therapist, Betty Gillman. His training and experience also includes memory reconsolidation techniques such as Eye Movement Desensitization and Reprocessing or EMDR for short. He is also a Give an Hour clinician for returning American veterans and their families.
